EXPERIENCE

Associate Consultant

October 2023 – December 2025

Boston Consulting Group, Riyadh, Saudi

- Benchmarked regional AI leaders across the full AI stack (infrastructure, models, and applications), assessing their financial statements, operations, and investments to inform a multi-billion-dollar business-plan decision.
- Developed a growth strategy for a diversified GCC group: assessed market trends, market sizes, growth rates, and profitability across 22 building-materials segments, identifying and prioritizing \$650 million in revenue potential and the enablers needed to capture it.
- Benchmarked AI & digital learning for K-12 education globally, to steer a national education program targeting millions of students.
- Developed a national critical-minerals strategy for a GCC government: screened five priority minerals for supply risk and economic impact, mapped global demand–supply trends, and conducted deep dives into a selected mineral to evaluate opportunities, right-to-win factors, and required enablers—identifying potential \$10B GDP impact.

Project Engineer

June 2022 – August 2023

Saudi Aramco, Dhahran, Saudi

- Coordinated the project design review involving 10+ departments, enabling prompt closure of 3k+ technical comments.
- Initiated land use permit requests and resolved conflicts, ensuring timely start of construction.
- Oversaw construction activities, working in close collaboration with other stakeholders, and avoiding project delays.
- Maintained and updated the project risk register, flagging for interventions to keep project on schedule.

EDUCATION

Master of Science in Mechanical Engineering

2021 – 2022

King Abdullah University of Science and Technology, Thuwal, Saudi Arabia

- GPA: 3.89

Bachelor of Science in Mechanical Engineering

2016 – 2020

University of Wisconsin-Madison, Madison, WI

- GPA: 3.89, with distinction
